

Inside Every Child Lives a Legend™

Your child is capable of out-of-this-world achievements, and we think the sky is hardly the limit. Turn up the volume with Drone Legends' high-tech, teamwork-oriented STEM program → we've got a learning adventure ready to launch!

North Valley Career and Technology Center

DD YOU KNOW?

We're not just playing around here! Drones are serious business. Amazon, Walmart, UPS and others are already taking to the skies to deliver medicines and other supplies. Architects use them for planning purposes; farmers to help assess crop health. The future career opportunities in drone-related STEM fields will be significant, and your child can be a part of this incredible technological revolution!

FOR STUDENTS WHO HAVE COMPLETED GRADES 5-8

JUNE 20-23, 2022, 8:30 AM – 3:00 PM
